An Expression of Interest (EOI) for the new entrant pool in Newfoundland and Labrador is a formal, non-binding document submitted to the Egg Farmers of Newfoundland and Labrador. It signifies an individual's desire to be considered for the opportunity to apply for a new entrant egg quota, which would allow them to start an egg-producing business. The EOI is the first step in a multi-stage process and is used by the board to gauge interest, assess potential candidates' qualifications and experience, and create a pool of qualified applicants who may be invited to submit a full application later.
